## Commercial Grade, One-Piece European Style Room System

UniFloor is a high quality one-piece flooring solution from Best Bath. Check out the many advantages of UniFloor:

- No seams. The one-piece design eliminates all bathroom floor cracks, joints, seams and pores.
- Less space. An integrated shower area combines the turning radius for both toilet and shower.
- Improved bathroom maintenance. The durable, tough surface is easy to clean and maintain a sanitary environment.
- A sloped floor for consistent drain means no mud set required.
- An integral beveled toilet base allows for easy placement and install.
- Constructed to last thirty years.
- Eliminates expensive and cumbersome floor liners.
- Bathroom installation and construction time is dramatically reduced.

We offer custom bathing solutions for unique project requirements. Best Bath has turn-key design capabilities from concept engineering and prototype through final installation.

# lifetime shower system

## The Last Shower Remodel You Will Ever Need

Remodeling with a Lifetime Shower allows you to easily adapt your shower as bathing needs change.

Durability, strength and value are built into every adaptable shower we offer! Leak proof, easy installation multi-piece showers – Custom accent color available.

Standard curbed shower with glass door

Safe, accessible shower in place without extensive remodeling

The Lifetime Shower is an adaptable shower. It has a semi-permanent threshold strong enough to hold a shower door or be removed for safe, low threshold accessibility.

After removing the door & semi-permanent threshold, the minimum height shower curb with installed WaterStopper is revealed.

Adaptable? You Bet! As your needs change the process is reversible. The threshold is put back in place and the shower door reinstalled. It easily converts back to a standard shower.

This shower can easily convert to a safe low-threshold shower by:

Removing the shower door

Cutting the silicone around the semi-permanent threshold

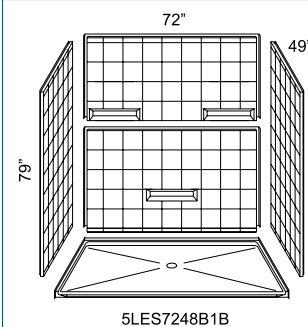

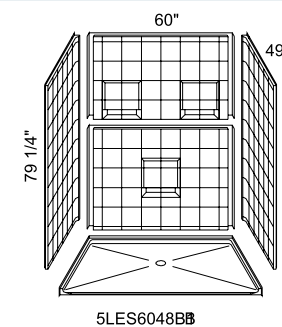

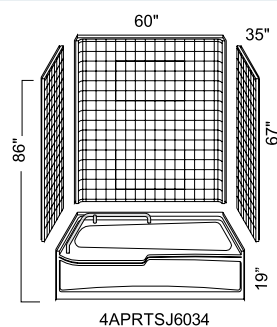

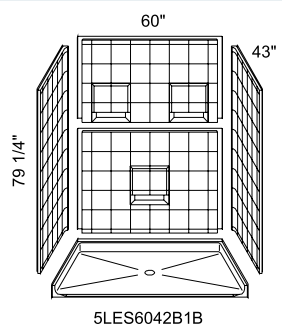

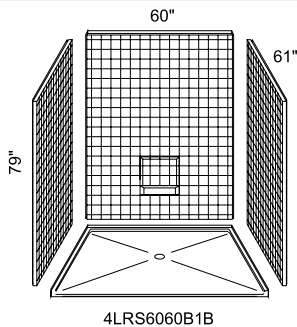

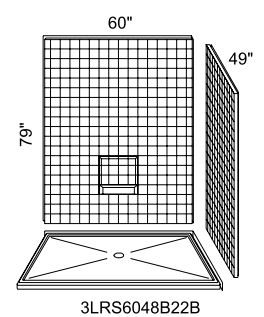

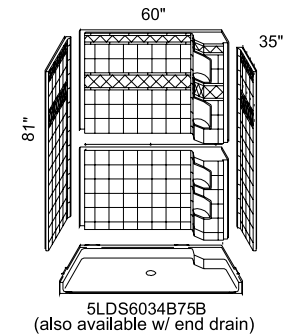

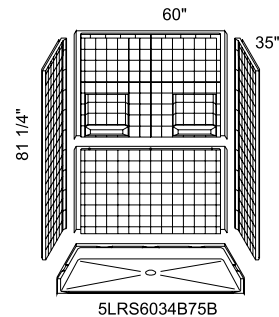

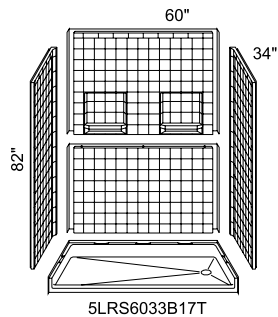

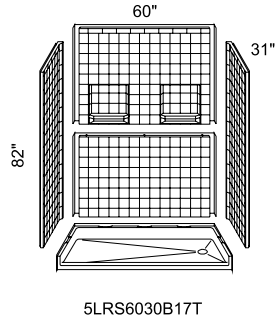

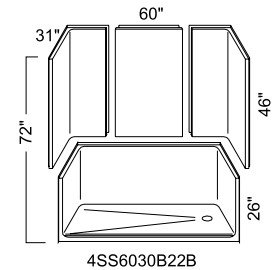

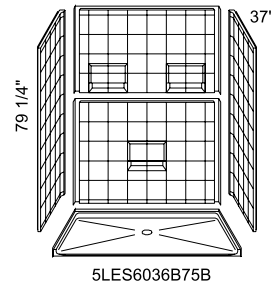

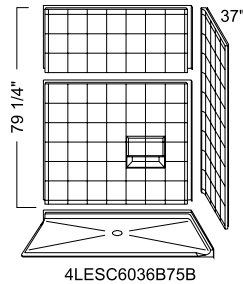

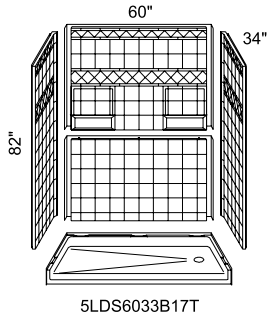

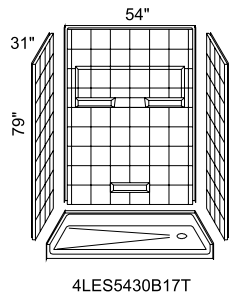

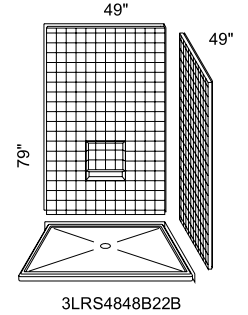

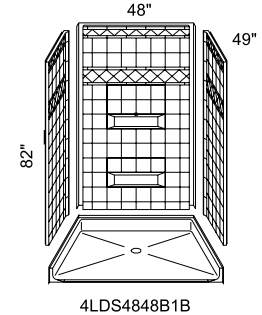

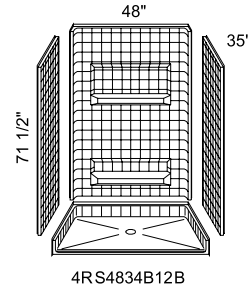

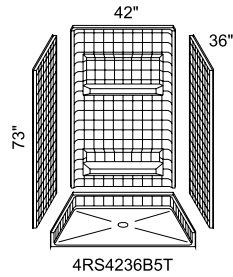

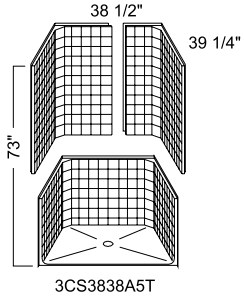

Lifting off the threshold

The Lifetime  
Shower System

The Lifetime Shower System is definitely the way to go. We offer Lifetime Showers to fit any size requirement.

*Safe Bathing for People of all Abilities Since 1971*

*Thanks to our buddies at Best Bath, the VERY BEST supplier we have - and we have some very good and well known suppliers. Best Bath is and will always be our best.*

Earl Weis, Access, Inc.

*I would like to tell you Best Bath has a great shower, and we can get any size we want. We have used 3 piece showers with a seat, 4 piece ADA Compliant showers, 1 piece ADA compliant showers and have never had a problem with any of them. They all have plywood backing so we can put seats, grab bars, hand held shower-heads, and valves wherever we need them. It is a very sturdy and reliable shower.*

*Finally, we have been working with other Housing Authorities across Nebraska as well as our own for at least 10 years and we have not found a more adaptable or better product anywhere. Believe me we have looked at and tried many others and this is by far the BEST BATH!*

*Thanks again, Randy Richter, Maintenance Supervisor  
The Housing Authority of the County of Scotts Bluff Nebraska*
